Water District - pswd.com

The Water District would like to remind everyone that the reservoir located behind the Cherry Company is our public water supply and is on private property. It is also Preble Meadow Jumping Mouse habitat. The reservoir is not open for public use. That includes fishing, boating, swimming or just splashing around.

We have located and repaired several small leaks in our system, however, we are still looking for the big one. Please help us by reporting any running or standing water you might encounter while out walking or working in your yard.

Board meetings are held via Zoom. To be included on the next agenda or to receive a Zoom link invite for our **Wednesday, August 24th 7:00 p.m.** meeting, please call 303.823.5345 or email Gabi Benson at pswdadmin@att.net. **Report water emergencies anytime to 303.823.5345.**

Pinewood Spring Fire Station & Community Center

Don't miss the Open House event hosted by St. Vrain Forest Health at the fire station on August 18 from 5:30 to 7:00 p.m. Residents are encouraged to stop in and offer input regarding any ideas or priorities for forest health/mitigation activities in our Little Thompson watershed.

The cooler months will be here before we know it; now is a good time to consider getting your chimney cleaned and inspected prior to regular winter use. A chimney sweep is much less expensive than fire or smoke damage.

The next Fire Board meeting is scheduled for **Wednesday, Aug 10th at 7:00 p.m.** Contact Chief Ted Plank, chief@pinewoodspringsfire.org for Zoom info before 12 noon on Aug 10.
