November 2016

Water District

Even though the river has mostly dried up on the surface, the District is still able to pump water from the collection gallery just below the surface of the river. However, unless we get substantial rain or snow in the next few weeks, we will probably be switching over to the reservoir. When this happens, you may notice a difference in clarity and taste.

It's budget time. The 2017 preliminary proposed budget is available for review. It will be presented to the public at the Board meeting on Thursday November 17th.

Due to the Thanksgiving holiday, the next Water Board meeting will be moved from the regularly scheduled 4th Wednesday meeting night to Thursday, November 17th, 7:00 pm at the Fire Station Meeting Room. Please enter through the back door. To be included on the next Water Board meeting agenda, call Gabi at 823-5345 or email pswdadmin@att.net. For more information, please see our website www.pswd.com

Fire District

Bids received for Pinewood Springs Fire Station & Community Center Project!

The Pinewood Springs Fire Protection District (PSFPD) received several bids for the revised-plan RFP issued earlier this month. These competitive bids from Colorado contractors allow for selection of a proposal within our budget and the Fire Board plans to award the contract shortly. The Fire Board and project teams will have more information to share with our community in the next 30 days. Please contact John Bologna at john.bologna@pinewoodspringsfire.org or any member of the Fire Board with any questions.

Road District

Since the September PWS Road Board meeting with Larimer County staff your Pinewood Springs Road Board has been pursuing a solution to meet the county's demand that we find an alternate way to manage our road maintenance needs. This maintenance includes both road repairs and snow plowing. The most promising cost effective solution appears to be for us to create a locally owned non-profit business dedicated to Pinewood Springs. This would allow us to continue serving the

community with the same timely, quality road maintenance while avoiding cost increases both now and in the foreseeable future.

We encourage Pinewood Springs residents to attend our monthly public meetings held [at 7:00 PM](#) on the first Tuesday of each month in the community room at the firehouse. Please enter through the back door. We can also be contacted anytime by email at RoadBoard@Pinewoods.us or on our voice mail service at [\(303\) 895-3848](tel:3038953848). Next Board meeting: December 6th.

Pinewood Springs Property Owners Association

Ever wonder how old the trees are in Pinewood? The wind blew down the big ponderosa that stood guard at the Seneca Bridge. Several neighbors in the bridge area came together and cleaned up the mess. Donn Fairbank took the time to count the tree rings. The tree was 114 years old. Please come to our monthly meetings on the 3rd Wednesday. We welcome your input.

Pinewood Springs Community Church

Adult Bible study at 9am - entitled *Who Is Jesus?* We are looking at Jesus through different lenses. Join us - it is quite interesting! Worship is at 10am with coffee and conversation following in Fellowship Hall.
