Water District - pswd.com

The November and December meetings have been rescheduled. We will meet on Thursday, **November 17th**, and Thursday, **December 15th** at 7:00 p.m. The November meeting and hearing will include the 2023 proposed Budget review and a discussion on the possible changes to the Rules and Regs concerning rates. To be included on the next agenda or to receive a Zoom invite, please call, 303-823-5345, or email Gabi (pswdadmin@att.net)

Pinewood Spring Fire Station & Community Center

Each year, Pinewood Springs firefighters respond to fires due to improperly disposed of hot ashes. Follow these guidelines for the safe disposal of your ashes:

Allow ashes to *COOL* before disposing. Place ashes in a covered metal container. NEVER use a plastic garbage bag, can, cardboard box or any container that can catch fire. NEVER use a vacuum cleaner to pick up ashes. It is recommended that you wet ashes inside the metal container and stir. Place the metal container outside at least 10 feet away from the home and other buildings. The metal container should be placed away from anything flammable and should be secured against the wind. It should not be placed next to a firewood pile, up against or in the garage, on or under a wood deck, or under a porch. After sitting for a week in the metal container, check the ashes to be sure they are cool. If so, the ashes are safe to dispose of. Remember, our local trash services PROHIBIT placing ashes in with your trash.

Stay safe this season and protect yourself and your neighbors by disposing of your wood stove or fireplace ashes properly. Please contact the Pinewood Springs Fire Protection District with questions.

The next Fire Board meeting is scheduled for **Wednesday, November 9th at 7:00 p.m.** Contact Chief Ted Plank, chief@pinewoodspringsfire.org, for Zoom link info before 12:00 noon on November 9th.
