**Road District**

The Road Board has had numerous calls regarding concerns for folks speeding along our roads. This is of course something that we want to address to our community as it can be unsafe for folks walking our roads, pets, wildlife and, of course, road damage. Please be aware of this and inform all of your drivers of this issue and to follow posted speeds. We as a team are looking at options to help with this problem and are considering getting an electronic radar sign to show actual speeds folks are driving and/or Sheriff speed traps if progress is not made. **Please slow down!**

We have had some changes to the road board as Charlie Pease has stepped down as Chairman of the Road Board. Thanks to Charlie for his service and

leadership during his time on the board. John Lorang has stepped into that role and laid out the following plan. In December the Board will meet and review our Roles and Responsibilities via a Zoom meeting to ensure we are all in sync with our goals and plans. Then we will resume our meetings on first Tuesday of the month starting on Feb 2<sup>nd</sup> at a new time of 7pm. We will update each month our planned meetings in this newsletter. Typically, we meet every other month.

Have a great fall and be safe out there! Any questions or concerns please give us a note or call.
